Check out our latest podcast for **Glomus Tumor** on [Apple](#), [Amazon Podcasters](#) and [Spotify](#)!

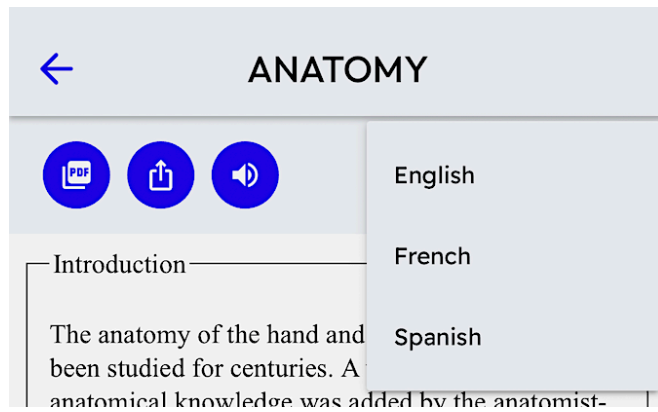

We also have several past podcasts available, so check them out and make sure to subscribe to the Hand Surgery Resource podcasts!

## HAND SURGERY SOURCE APP 8.0 NOW AVAILABLE

The new Hand Surgery Source App works seamlessly with the new Hand Surgery Resource ".net" website. Like the version 8.0 website, the **new Hand Surgery Source App is FREE and now OPEN ACCESS - no registration is required!** The new App is completely refreshed with an intuitive interface that makes using the Hand Surgery Source App easier than ever! Bug fixes and performance enhancements provide a smoother user experience. Users can quickly view hundreds of diagnostic guides, exams, study explanations, and therapy chapters.

The new App brings its rich content to the users in English, French, or Spanish. ***In addition, all content is available via the “read-it-to-me” function in all three languages so users can listen to any chapter while keeping their eyes on the road.*** The ability to send QR codes to others and to print PDFs also remain at the user’s fingertips.

Don't forget, you can still sign up for our newsletter by providing your email address. Whether you're a seasoned hand surgeon, a resident in training, or a healthcare professional interested in hand surgery, our App is designed to provide relevant and up-to-date information at your fingertips. Enjoy immediate, effortless access to essential hand surgery information.

Your feedback drives our improvements, so keep it coming! Thanks for your support, and explore the new features today.

Get the new 8.0 Hand Surgery Source App version at the [Apple Store](#) or at [Google Play](#).
