Hand Surgery Resource Newsletter Volume 2, Number 5

NEW YOUTUBE VIDEO: HAND SURGERY RESOURCE, LLC INTRODUCES NEW HOMEPAGE!

A screenshot of the Hand Surgery Resource, LLC homepage. The header features a blue bar with a home icon and the company name 'Hand Surgery Resource LLC' in a serif font, flanked by two hands. Below the header, there is a paragraph of text: 'Hand Surgery Resource, LLC is a company committed to providing free information on diseases, disorders and injuries affecting the human hand.' The main content area is divided into four sections: 'Hand Surgery Source', 'Hand Surgery Primer', 'Newsletter', and 'YouTube Channel'. Each section has a brief description and a small thumbnail image. The 'Hand Surgery Source' section describes a web resource with diagnoses, symptoms, and treatment options. The 'Hand Surgery Primer' section describes a case-based educational site with eight mock patients. The 'Newsletter' section describes a newsletter that keeps users up-to-date on site developments. The 'YouTube Channel' section describes a channel dedicated to hand surgery education with videos on common hand problems, examinations, and treatments.

Hand Surgery Resource, LLC is a company committed to providing free information on diseases, disorders and injuries affecting the human hand.

Hand Surgery Source
This new web resource concisely presents the fundamental principles of hand surgery. All diagnoses that affect the hand are reviewed. All symptoms, signs, diagnostic testing and treatment options are supported with photographs, diagrams, imaging study examples, coding information and references.

Hand Surgery Primer
Hand Surgery Primer is a case-based educational site with eight mock patients. Each patient has a hand complaint. The differential diagnosis is provided with support materials that make learning easy and fun. Pre and post-tests allow students to quickly verify their understanding of these common hand complaints. Course performance tools are available for instructors.

Newsletter
The Hand Surgery Resource Newsletter keeps both Hand Surgery Resource and Hand Surgery Primer users up-to-date on site developments, additional learning opportunities and hand surgery resources' collaborations. It reviews our worldwide impact. All past editions are also available at any time.

YouTube Channel
Our YouTube channel is dedicated to Hand Surgery education. It provides succinct educational videos describing common hand problems, hand examination maneuvers, diagnostic studies, and surgical and non-surgical treatment choices. All videos provide links to our major web resource, Hand Surgery Source.
